Dear Stuart

RE: Endorsement of Tree Impact Assessment Report Rev U - Sydney Metro City & Southwest

Reference is made to the following document submitted for Environmental Representative (ER) review and endorsement as required by the Condition of Approval A24(d) of the Sydney Metro City & Southwest project (SSI – 15_7400 January 9 2017).

- Tree Impact Assessment Report - Sydney Metro City & Southwest (Document Number NWRLSRT-PBA-SRT-EM-REP-000001, Revision U dated 28 February 2018).

The report is provided to address Condition E6 of the project approval. The current version of the report includes updates for the Victoria Cross South and Victoria Cross North sites.

As an approved ER for the Sydney Metro City & Southwest project, I have reviewed the document and endorse the changes in the document that relate to trees identified under revision U at Victoria Cross South and Victoria Cross North sites.

This endorsement does not cover trees in the rail corridor to the north of Nelson Street at the Chatswood site. This endorsement letter will be updated to address trees located in and adjacent the corridor to the north of Nelson Street, once this assessment is complete.

Yours sincerely

Michael Woolley
Environmental Representative – Sydney Metro – City and South West
