Ongoing Issue – Covid-19 pandemic

The NSW government continued with restrictions related to the Covid-19 pandemic situation during May 2021. The Covid Order relating to infrastructure construction on Saturdays, Sundays and Public Holidays was extended through 2021.

The AA continues to work with Sydney Metro, DPIE, contractors and the ER to implement appropriate responses to manage these impacts and fulfil the requirements of the Conditions of Approval. In addition to the risks, the Covid-19 situation also continues to present some opportunities, as outlined in previous reports.
