Dear Hugh

**RE: Endorsement of the Sydney Metro Western Sydney Airport, Construction
Environmental Management Plan St Mary's – Power Enabling Works**

Thank you for providing the Sydney Metro Western Sydney Airport – Power Enabling Works Construction Environmental Management Plan (Rev 0.0), dated 1 February 2022 (the CEMP) for Environmental Representative (ER) review and endorsement as required by Conditions of Approval C1, C2 and C3 of the Sydney Metro Western Sydney Airport project (SSI – 10051 July 23, 2021). For clarity, I note that, for convenience, the CEMP incorporates the document titled Construction Noise and Vibration Management Plan (Revision 0.0 dated 31/1/22) in lieu of only the Noise and Vibration section in the CEMP required by the approved Sydney Metro Western Sydney Airport Staging Report.

As an approved ER for the Sydney Metro Western Sydney Airport project, I have reviewed the CEMP and provided comment, and now consider it consistent with the requirements in or under the Infrastructure Approval and the undertakings made in the documents listed in Condition A1.

Yours sincerely

Rui Henriques
Environmental Representative – Sydney Metro Western Sydney Airport
