**Subject: Sydney Metro Western Sydney Airport Staging Report, Revision 9**

Dear Mr Chapman,

Thank you for submitting the Sydney Metro Western Sydney Airport Staging Report, Revision 9, dated 5 May 2023 (the document).

We have received and filed the document.

I note that this version of the Staging Report proposes to amend the arrangements under conditions C2, C7 and C17 for the approval of the following documents for the Stations, Systems, Trains, Operations and Maintenance (SSTOM) stage:

- Construction Environment Management Plan (CEMP)
- Non-Aboriginal Heritage Management Sub-Plan (NAHMP)
- Flora & Fauna / Biodiversity Management Sub-Plan (FFMP)
- Groundwater Monitoring Program (GMP)
- Air Quality Monitoring Program (AQMP)

In each case, it is proposed that the Environmental Representative (ER) would become the approver of the plan or monitoring program under the approval.

Having reviewed the risk assessments provided in the document, and as delegate of the Planning Secretary, I agree to the GMP for the SSTOM stage being determined by the ER instead of the Planning Secretary. I do not agree to the remaining documents (i.e. the CEMP, NAHMP, FFMP and AQMP for the SSTOM stage) being determined by the ER. These remaining documents must instead be submitted to the Planning Secretary for approval in accordance with conditions C4, C9 and C19 as applicable.

If there are any inconsistencies between the document and the conditions of approval, the conditions prevail.

Please make the document and this letter publicly available on the project website as soon as possible.

If you have any enquiries, please contact Grant Rokobauer at [grant.rokobauer@dpie.nsw.gov.au](mailto:grant.rokobauer@dpie.nsw.gov.au).

Yours sincerely
