

Out-of-hours work lookahead – North Strathfield

Jan – March 2025

Sydney Metro is Australia's biggest public transport project

The NSW Government is delivering Sydney Metro West – a new underground metro railway which will double rail capacity between Parramatta and the Sydney CBD, link new communities to rail services and support employment growth and housing supply.

Sydney Metro has been granted planning approval to construct twin underground rail tunnels between Westmead and Hunter Street in the Sydney CBD for Sydney Metro West. Acciona Ferrovial Joint Venture (AFJV) has been awarded the contract to deliver 11 kilometres of twin metro rail tunnels between The Bays and Sydney Olympic Park and excavate five new metro stations including a station at North Strathfield.

Out-of-hours work lookahead

| Activity | Location | Noise Impact | Jan 2025 | Feb 2025 | March 2025 |
|---|---|----------------|----------------|----------------|----------------|
| Crane lifts of oversize equipment into and out of the station box | Queen Street, between Waratah and Pomeroy streets | Medium to High | 1 night | 1 night | 1 night |
| Pedestrian crossing lighting adjustment and maintenance | Queen Street near Pomeroy Street and near Wellbank Street | Medium | Up to 2 nights | Up to 3 nights | Up to 3 nights |
| Road and footpath pavement repair | Queen Street, Wellbank Street and Concord Road | High | Up to 3 nights | Up to 6 nights | Up to 3 nights |
| CCTV inspection of manholes | Queen Street | Low | Up to 2 nights | - | - |
| Hoarding maintenance | Queen Street, between Waratah and Pomeroy streets | Medium | 1 night | 1 night | 1 night |
| Raised pedestrian crossing reconstruction | Queen and Wellbank intersection | High | - | Up to 6 nights | Up to 3 nights |
| Oversize plant and equipment deliveries | Construction site | Low | Up to 2 nights | Up to 2 nights | Up to 2 nights |

| Activity | Location | Noise Impact | Jan 2025 | Feb 2025 | March 2025 |
|---|-------------------|--------------|----------|----------|------------------------------------|
| Environmental management and emergency work | Construction site | | | | Only required in case of emergency |

Please note multiple activities will occur on the same nights. We plan to carry out work in one area for no more than three nights per week, with only two consecutive nights per week and no more than ten nights per month.

Mitigation measures

Depending on the type of work and expected impacts, a range of mitigation measures may be used such as completing the noisiest work before midnight, installing noise blankets around the worksite, implementing respite periods or providing alternative accommodation.

The project team will liaise with directly affected residents to provide more information and discuss mitigation options before the work. Separate notifications will be issued for all out-of-hours work activities.

Feedback and enquiries

If you have an enquiry or would like to provide feedback about the work, including appropriate respite periods, please contact Liz from the AFJV community team on [1800 612 173](tel:1800612173) or metrotunnelsAFJV@transport.nsw.gov.au
