

Monthly Notification – Bankstown Station

April 2025

The NSW Government recently announced that the extension of Sydney Metro services from Sydenham to Bankstown will now be completed in 2026.

Fare free Southwest Link buses will continue to replace trains between Sydenham and Bankstown during this time.

You can plan your trip at transportnsw.info and on real time apps. Kerbside changes may also be in place around the affected train stations for temporary bus zones. Please check signage before parking your car.

Sydney Metro work during April and May

Work will continue during and outside of standard construction hours within and around Bankstown station during April/May. The main activities will include:

- Modification of cable service routes, cables, overhead wire and trackside equipment in the rail corridor, substations and stations
- Delivery and storage of materials, including cable drums and equipment using light and heavy vehicles
- Installation of containment, cables and communications equipment in station platforms and buildings, and in the rail corridor
- Energisation of equipment in stations and service buildings
- Testing, commissioning and maintenance of services and equipment across the train sub-systems in stations, and along the track corridor, including dynamic train testing activities and trackside inspections
- Installation, testing and commissioning of rail corridor security systems including CCTV, foundations, poles, outdoor equipment cabinets, solar panels, cable pits and cable containment
- Site investigations, surveys and associated activities
- De-vegetation and tree clearing throughout the rail corridor where required
- Mobilisation and demobilisation of plant and materials
- Work related to security fence installation and signalling and track related construction activities
- Parking removal and lane closures to facilitate plant and truck operation around the station and along the corridor
- Additional work related to overhead wiring, high and low voltage wiring and local utilities, including utility adjustments work on Stacey Street and North Terrace
- Footpath closures with diversions in place around the South Terrace bus interchange with parking changes relating to replacement buses on West and East Terraces
- Work on various bridges along the corridor
- Work related to the new Bankstown Metro platforms including ongoing work on platform screen doors and work on the existing Bankstown Station platform
- Work related to the new cross corridor plaza and associated buildings
- Work related to Bankstown platform extension, track upgrades and overhead wiring upgrades
- Concrete barrier installation night work at Stacey Street overbridge (these works include a temporary change of traffic conditions)
- Demolition and reconstruction of concrete bridge barriers and structural strengthening work at Stacey Street

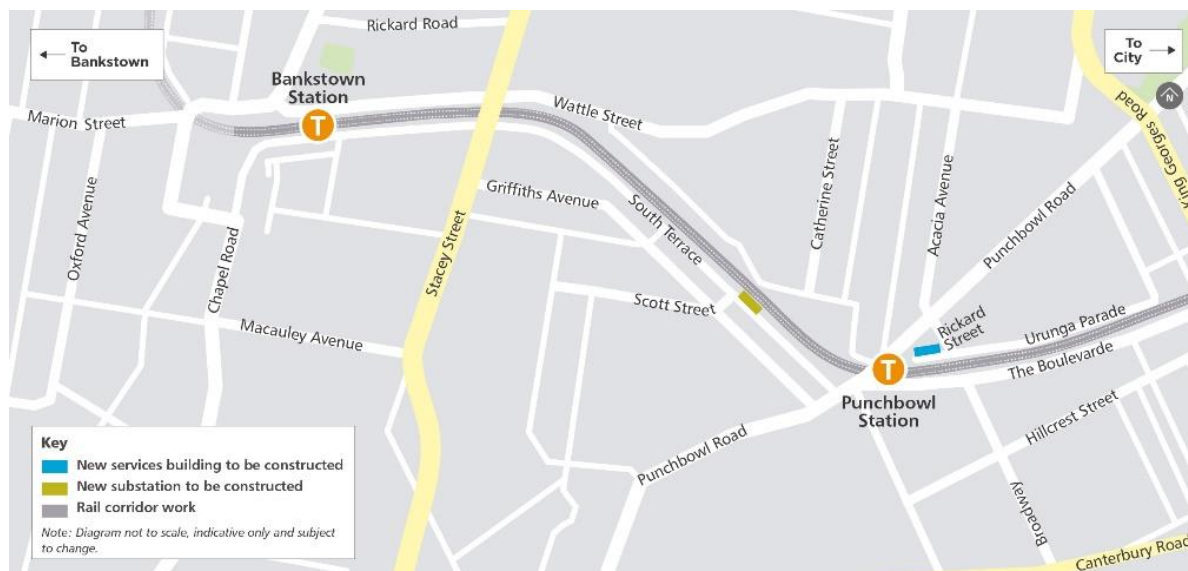

Hours of work

Standard construction hours are Monday to Friday 7am – 6pm and Saturday 8am – 6pm excluding Public Holidays and Sundays. Some activities must be undertaken outside standard construction hours to minimise impacts on traffic and to ensure the safety of motorists, pedestrians and workers. Respite hours will be implemented in line with the project's approvals. Highly impacted residents will be notified separately.

What to expect

- Equipment used includes, but is not limited to excavators (including rock hammering equipment), concrete trucks and pumps, concrete vibrators, mobile cranes, elevated work platforms, loaders, rail tamper, hammer drill, rail grinder, hi-rail vehicles, generators, lighting towers, milling machine, paver, water cart, light and heavy vehicles, tippers, dump and delivery trucks, hand-held and electric tools, demolition and road saws, jack hammers, power drills, vacuum truck, asphalt paver, welding equipment, rail and circular saws and compaction equipment including a roller.
- The project team will take every step possible to minimise noise impacts, however some of this work will be noisy. A range of measures are in place to reduce noise and meet the project's approval conditions, including noise barriers, using only the necessary equipment for each task, turning off equipment when not in use and equipping machinery with non-tonal movement alarms.
- Train testing activities will be undertaken during the day and at night.
- Some equipment may be transported outside of standard construction hours in line with Transport for NSW requirements for transporting oversized vehicles.
- Access to buildings and driveways will be always maintained; we will park our vehicles along the rail corridor where possible however, please be aware that on-street parking may be limited near worksites.

Thank you for your cooperation and understanding while we complete this essential work.
